**"... I felt
his fingers
tremble as
he grazed my
hairless,
girl-like
vulva ..."**

I was feeling lonely being all by myself in the city on business. As the uniformed hotel employee opened the cab door for me, I saw his eyes go wide. I realized my skirt had hitched up to my thighs, and since I was wearing no panties, he had a clear view of my slick pussy.

The way he looked at me created internal arousal, and inside my dark cunt I felt my pussy walls begin to contract, making subtle noises as the thick juices began to flow. I worried about any fluid that might ease out of my pink-rimmed lips and trickle down my thighs. I walked with my legs slightly together, thinking about the sexual warmth I felt as I went to my room. I wore no panties because I had shaved the fluffy mound from my vulva about a month earlier and I was enjoying the sense of freedom

it created; the way the air brushed breezily against the sensitive vaginal skin.

My date, the night after I lathered my pubic vee and stroked the curls away with my razor, also seemed to like it. A lot.

I always like going out with this particular gentleman because he is capable of bringing me to a writhing orgasm before we even get out of his car. He is an expert with his hands. He is always pulling me close as he drives and wriggling his fingers beneath my panties to stroke the slick slit of my cunt until I am well-lubricated, and then he deftly manipulates my wet, quivering clitty until I come on the seat of his car. This time I had smiled slyly as I edged near him, letting my eyelids drift closed as he rested his hand on my bare knee, then slid it gently up beneath my dress.

His eyebrows lifted when he felt I had no panties on, then even higher as he grazed my hairless, girl-like vulva. I felt his fingers begin to tremble and I spread my thighs apart for him. My hairless fissure was already well-greased with liquids and without the hairy pubic triangle it was easy for him to instantly fill my pussy with three fingers. He twisted and turned them

**“... my skirt

doorman had

cunt lips...”**

**“... he stroked

within my tight, little hole. My cuntal walls encased them. His excitement was incredible; I could tell by the huge mound in his pants. He pulled the car over, found a relatively deserted street, and pushed me by the shoulders down on the seat.

I fumbled with his zipper and held his blood-gorged cock in my hand, guiding it between my spread legs. I gasped when the spongy head of his erection touched my flesh; it was a sensation I'd never before felt. Then, with amazing ease, he slipped into me, and I felt the tightly-wrapped flesh of his shaft

**“... he rested
his hand on
my knee and

tug at the exposed skin of my cunt.

It was like being fucked for the first time again. My shuddering orgasm was easy: it filled me to a screaming point as soon as the entire length of his impaling thickness had entered me. When he heard me come, he clutched me hard and savagely thrust into me until I felt his hardness swell. His cock unloaded a load of hot cum that filled my lily-white vulva like bubbling lava.

**' his cock
was
blood-gorged
with thoughts
of fulfilling
a wild
fantasy:
fucking a
hairless,
young
girl '**

The roar of the football crowd diminished notably as we passed into the locker room from the cool evening outside. The guy who had hit on me had his arm draped over my shoulders; his hand squeezing my large, pear-shaped breast and he was tweaking my nipple between his fingers. It had taken up to the fourth quarter of the game to find a guy who was willing to pay, so I didn't mind the smell of beer on his breath. I could feel the only thing that mattered as I reached behind me and gently rubbed his crotch- his cock was swollen thick and long with blood-gorged thoughts of fulfilling a long, coveted fantasy: fucking a young hairless chick.

It was only a high school game, so the locker room was deserted. I laughed when the guy pointed out one of the lockers and said it belonged to his son, who played tight end. While he lauded his son's playing, I undid his pants, wriggled them down to his knees, and, kneeling, began stroking his vein-lined thickness with my tongue-tip. I

cupped his fuzz-covered balls and rolled them around like ball bearings. I could feel them writhing inside the loose-skinned sack.

A cheer went up outside—probably an interception or a touchdown—just as I swallowed his entire length. I left it in my mouth, the spongy crown just intruding on my throat, for a minute while my lips played at the wide, bone-hard base of his meaty shaft.

I could hear him gasping, and felt his hands raking my back, each time trying to reach farther down, seeking my buttocks. Slowly, I let his saliva-slickened cock slide out of my mouth, nibbling, sucking and applying pressure to the shaft of his erection with my lips. I sucked hard for a few seconds when only his twitching head lingered between my lips, then let it slide out, too.

His penis was now twice as hard as when I'd first seen it. I stood, and without taking my eyes from him, I unbuttoned my blouse and let it fall from my shoulders, then unhooked my bra and let the pressure of my straining, pouting breasts push it away. I slid out of my jeans, then walked to him, pushing my panty-clad pussy

in front of his face. He yanked the panties off hungrily, and buried his face into my slick cunt. I only let him lick me for a minute before I leaned back against his son's locker and spread my legs as wide as I could. He bent his knees so his cock was level with my cunt opening. I wrapped my hand around his throbbing male meat, guiding it between the spread lips of my hairless young hole.

I clung to him for support as his hands fumbled with my pillow-like titties. The cold, hard handle of the locker jabbed into my back. His cock sailed in and out of my cunt with ferocious speed, hammering at my hardened clitty. This guy fucked good. I love it when these guys get off by thinking that they're fucking their own daughter. It wasn't until he came, though, that I reached my climax. He stiffened, grunted with his nostrils flaring, and I felt the cascade of warm stickiness gush from his cock tip. The hot semen coated my clitty. The cum jets squirting directly on the sensitive button made me fall to the floor on my ass, pulling him with me with his cock still inside me. I rocked against the locker as my orgasm swept over me. His cum meanwhile dribbled slowly down my inner thighs.

MARY JO

I leaned back on the cushions I'd placed against the wall, gazing into the mirror set up in front of me. I'd shed my clothes, and sat with my legs split wide apart, and I watched my image as my hand slowly massaged the shaving cream--the kind

that heats up as you rub it in--into a thick lather between my legs.

When the cream had saturated every pubic curl I carefully stroked all the hair away with a sharp razor, watching in fascination as each stroke revealed the fleshy, lily-white

“... I lifted my nightgown over my head exposing my hairless pussy which was dewy with anticipation ...”

skin of my vagina. I was shaving my pussy because a girlfriend at school suggested it would be a turn-on for my boyfriend. I had never imagined how arousing it would be for me! Seeing the silky flesh, being able to see the fissure of my pussy, rimmed with pinkish skin, it all brought a flood of memories back from when I was much younger, before I had grown any of my pubic curls to

begin with.

As my fingers gently caressed my velvety, freshly-shaved vulva, I remembered a living room at my old girlfriend's house, a dozen sleeping bags were scattered across it. We were there for a slumber party and I remember waking up in the middle of the night dying to use the bathroom.

I raced upstairs, relieved myself, and was just readjusting my night-

gown when my girlfriend's father came in--he hadn't known I was there. He looked at me groggily and mumbled something about a pill he had to take, and I watched in awe as he took it. I was in awe because he was completely naked, and I'd never seen such a good-looking man without clothes on before. He acted as if it made no difference, but I couldn't take my eyes off the muscles in his thighs, or

his cock, which was stiffly erect and throbbing intensely. He'd probably awakened with it hard.

After he swallowed his pill, he looked at me more appraisingly. He smiled when he saw what I was looking at, and then he said it was only fair since I'd seen his that he should see mine. As though I'd been put under a spell, I lifted my

nightgown off over my head, exposing my hairless pussy, which had already begun to churn lustful fluids at the sight of a mature, manly penis.

He moved up against me, his right hand massaging my rock-hard titties and toying with my distended nipples as his other hand probed the slippery lips of my vagina. His

cock was jammed against my flat, creamy belly, and it's loose wrapping of flesh caressed my skin.

He only dipped his finger inside my pussy once; the walls of my cunt contracted around his digit, and I groaned loudly. He pressed his hand over my mouth and hoisted me onto the sink-counter. My legs naturally separated around his waist,

and he guided his cock toward the splayed portal of my cunt. I felt the head of his throbbing erection split my hairless lips apart, and I hugged close to him out of fear as much as passion. He slowly manipulated his skewering thickness inside me. I felt my cherry give way in a flash of pain, but erotic pleasure filled me with each inch of his cock prying

deeper into my unexplored, virgin pussy. When he was all the way in, impaling me on his hardness, he quickly withdrew, then thrust slowly in again. It was like that--a quick withdrawal before a languishing, erotic invasion.

He kept it up until I felt my clitoris swell to bursting and finally release my first cock-induced or-

gasm that had my pussy dripping onto the sink. Only when he was sure I had come did he intensify his plunges, and I felt his buttocks grow taut just before he lurched deep into me, his cock-head opening up and unleashing a viscous jet of sticky, hot semen that filled me and stayed warm inside me all night long.

LUANA

My middle and index fingers were sunk deep inside my pussy, encased by the tight walls of my cunt. My other fingers and my thumb were roaming the moist, hairless surface of my vulva, exploring the thousands of new sen-

sations that shivered along my spine and caused my hard, pebbly clit to throb with wanton arousal. I had just shaved my pubic triangle an hour earlier, because I wanted to try to entice my pretty new roommate. I'd been dying to lick her sweet smelling cunt since the moment we had moved in together. After shaving, I lay back

on my bed and began to slowly finger my freshly-slicked vagina. I waited for her to walk in.

She finally came home from work, but I was too far into a finger orgasm to hear her enter. When I opened my eyes for a moment, just before I was about to explode into a staggering climax, I saw her leaning against

**'there is
nothing like

woman'**

my closet door, her attention riveted to my impaled cunt. One hand rested gently on her swelling bosom, the other was rubbing frantically at her dress, just over her crotch.

As close as I was to a much-wanted orgasm, I stopped and spread my legs apart, exposing the naked, pink lips of my pussy and displaying the membrane flesh that lined the tunnel leading deep inside. I used my cum-laden fingers to pry the hairless fissure even farther apart.

She walked toward me slowly, as though in a trance. When she reached the bed she fell to her knees. Her head dropped between my sweaty thighs and her face burrowed into the slick surface of my cunt. Her tongue knifed deeply into the channel of my pussy. It felt like a moist, thin cock. I quivered as she withdrew it and awaited another plunge. Instead, her tongue-tip traveled the length of my vertical slit until it had connected with my anguished clitty. She had taken to my pussy like a kitten to cream: licking and jabbing at my clitty, tasting my bittersweet fluids, thrusting her mouth muscle deep into me before returning to my pleasure pebble; there is nothing like being tongue-fucked by another woman.

Her hands slid beneath my buttocks and pried the fleshy cheeks

apart as her tongue worked faster than I would have believed a tongue can go. Her finger, moistened by the flow of liquids from my cunt, drifted down the crack of my ass and slowly slid into my anal passage. She thrust in deeply, almost savagely, and fucked my ass as she continued tending to my hairless vagina.

The rumbling deep in my pussy had grown slowly, but now spread to my quivering buttocks, along my spine and through my legs in a moment. I trembled, trying to

**'my girlfriend's

length of

slit until

control the spasms that racked me. Finally I came, screaming and thrashing wildly on the bed, and hugging my roommate's face tight against my exploding hole. I held her there as I writhed and humped her face, until slowly all the orgasmic electricity seeped from me, leaving me warm and numb while she lapped up the flood of juices my orgasm had produced.

VICIE

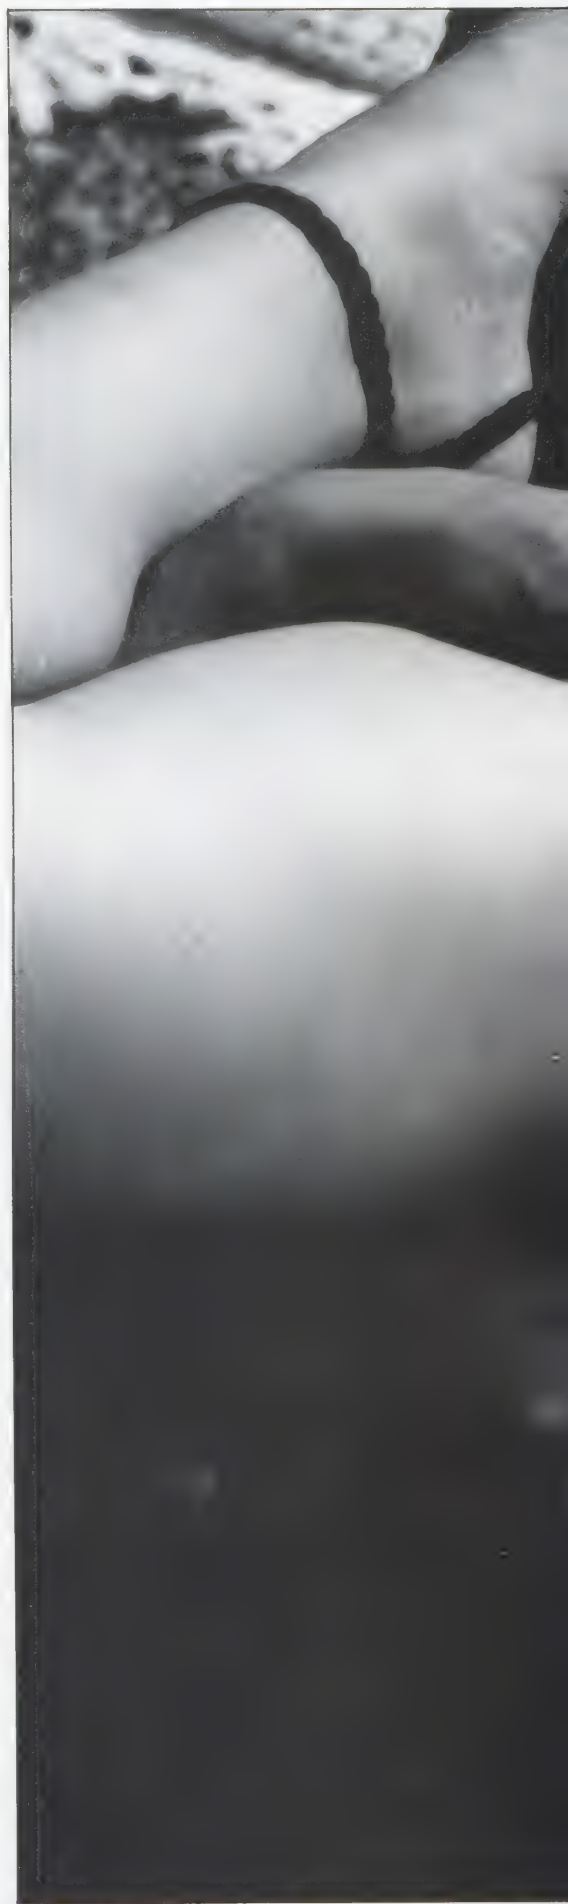

**“... the tip

the velvety,
forbidden cunt
flesh that
peeked out of
my tight
shorts ...”**

We were on a church picnic, I remember, and a bunch of us kids had gone off on a hike when this boy and I got separated from the group. We hiked around, looking for them, until we were tired and collapsed by a stream. I had almost fallen asleep in the thick grass when I felt the boy’s hands quivering as they stroked my long, tapering legs. They were seductively mature even then.

I was about to make him stop when it occurred to me that his touch felt good--I was tingling all over and peculiar sensations were heating up the deep cavern of my young pussy. He squeezed my thighs and I could feel the warm tip of his

tongue licking at the velvety, forbidden flesh that peeked out of the legs of my tight-fitting shorts.

I felt my pussy undulating with wanton excitement and I helped him get my pants off. Then my lacey underpanties too. I spread my legs, keeping my eyes closed as my buttocks writhed in the grass. His head slipped between my thighs, and I felt his cold cheek graze my hairless vulva. I arched my back, pushing my moist, hairless slit into his face.

He licked the coating of juices away, then probed the interior of my fissure with the tip of his tongue. I felt him quivering and wondered what his cock looked like. He didn't show me; he just kept licking, often massaging my tender, pulsating clitty with his tongue. Suddenly, his hands sliding beneath my ass, he lifted me up a bit and thrust his serpentine mouth-muscle deep up

my slick cuntal channel. My pussy walls encased his wiggling tongue, but he kept thrusting it in again and again as if it **was a cock**.

My fingers grasped his hair and forced him tighter against me. My arms and legs were numb, my buttocks quaking. My clitty throbbed harder and harder, sending signals of erotic pleasure through my pussy

and into my flat-chested bosom. Then, for the first time in my life I orgasmed, my pussy jammed hard into his face and as I screamed with shock and pleasure, I poured my first flood of orgasm-produced fluids from my pussy into his mouth. He drank it down like a man dying of thirst; his fingers still kneaded the fleshy cheeks of my ass...

BECKY

**' the bare,

I was angry, but gentle. I seethed at my boyfriend, who was over an hour late for our date. I assumed he

probably wasn't coming at all! I was pissed and I was hurt. Was it because he found something about me unattractive? I countered that thought by working a thick, rich lather into my ample mound of pubic hair and gently whisking the downy-soft curls away. Maybe a slick pussy would turn him back on.

As for now, though, the best thing would be a relaxing night's sleep. I slipped into a brief, sheer black nightie and studied myself in the mirror. The bare, white vulva of my newly-shaved cunt reminded me of how it looked a few years back, before I had started growing my fleecy thatch. I settle into bed, remembering. I had been in the bath-

room, my fingers roaming my naked cunt, searching for signs of pubic hair, which I equated with maturity. My step-father came in and was surprised to find me there with my panties off and my fingers hotly wan-

dering over my cuntal flesh.

He told me not to worry, I'd grow my vee soon enough. He told me I should enjoy it bare while I could, and as he spoke, he moved my hand away and began caressing the silky flesh himself. I leaned against the sink, shocked but aroused as I felt my clitty begin pulsating, my cunt churning fresh, young girl fluids.

His fingers worked frantically, trembling all the while, and the vibrating sensation sent my hard clitoris into ecstasy. I moaned, and he told me my moans would turn-on any boy I ended up having sex with. Then he said he'd show me what it would be like. Slowly, his fingers still thrust

deep in my virgin vagina, he sank to his knees, prying my thighs apart at the same time. He thrust his tongue out a my damp, sweet cunt and licked at the exterior of it until I was writing with orgasmic intensity. Then his tongue pried the tender lips of my hairless pussy apart, probed inside and finally formed a curl around my clit.
